PROGRAM

Bob Hawthorne, Editor | May 31, 1962 | Henry MacFadden, Program Chairman

LAST WEEK

Judge Cox spoke to us on rules to be observed if one finds it necessary to drink and then drive. He also gave us an example of how the legislature has forced judges to give sentences with no leeway for judgment. He gave as an example a person who received a drunk driving offense 29 years ago and no further arrests until now, such a person would have his license revoked the same as if a person received two violations within a year.

Judge Cox advised never ask your friends to have "one for the road" unless you are prepared to call a taxi to take them home.

THIS WEEK

Henry MacFadden, as Program Chairman, will have a long overdue recognition program for Art Fruhling. Art is one of our charter members. Congratulations Art!

NEXT WEEK

This is our annual big fly-in. We have received reservations from Tennessee, Michigan and Oregon as of last week. It looks like it is going to be our best yet. The speaker will be William Piper, Sr., President of the Piper Aircraft Corp.

ROTARY INTERNATIONAL

We received a telegram from John Imwood, Chairman of Communications for the forthcoming Rotary International on June 3-7. It reads as follows: "Rotarians from 60 countries are converging on Los Angeles. It's going to be a great International convention. You and you members can contribute to its success by attending. Make vigorous appeal to your members at your next meeting. It will be a Rotary experience they'll never forget." I understand from President Ed that there will be several planes going down on Sunday and returning on Monday with room for several Rotarians.

ANNIVERSARIES

This was a busy month for Dan Cupid with eleven members celebrating their anniversaries.

GRIN & BEAR IT

The relatives of an eccentric millionaire were gathered in the office of the family lawyer as the will of the late titan was being read. Each leaned forward as his name was called and his bequest announced. Finally, only Harold, the spendthrift youngest was left, and he twitched nervously when the lawyer called his name.

"To my nephew, Harold Wilson," the attorney read, "who I promised to remember---'Hi there, Harold!"

Our country was in better shape when there were more whittlers and fewer chiselers.

Today's genius is the man who has caught up with his Christmas bills before vacation time arrives.
